» FEATURES

- Ultra high intensity tape providing 1000 candle reflectivity, the RECO standard
- Connect the first and second section via a lock plate assembly
- Fully adjustable for customizable lengths
- Aluminum and fiberglass design
- First section fiberglass design for lightweight option
- Available in lengths ranging from 8 ft to 42 ft

» BENEFITS

- Maximum visibility
- Lock plate assembly eliminate the need for any drilling of the gate arms
- Less installation time needed, keeping railroad personnel less exposed to the dangers of being in the Red Zone
- Withstand heavy winds and harsh elements

Safest Crossing Gate Arm In The Industry!
