

RECO

SWITCH COVERS

RECO (Railway Equipment Company) has been manufacturing safe and reliable products for freight and transit railroads since 1980. We are dedicated solely to the railway business and no other.

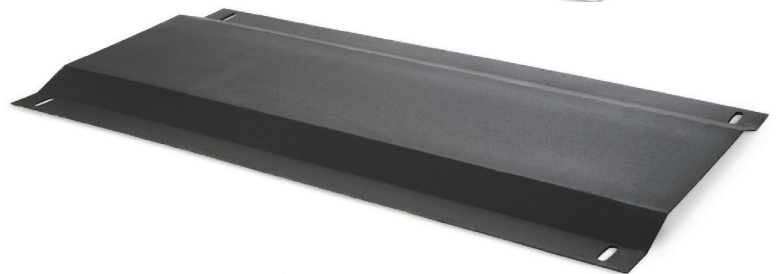

While leading the charge in new innovative technology, we continue to improve our products in a constant effort to provide our customers with the very best.

» FEATURES

- Variable lengths to accommodate various switch designs
- Newly designed helper rod covers to prevent snow and ice from interfering with operation
- Durable fiberglass design maximizes strength and minimizes weight
- Hinged sections to provide quick access for track inspection
- Suited for high-speed rail lines
- Designed to reduce the likelihood of shunting rail

» BENEFITS

- Shipped in purpose built steel rack that allows for secure storage during warm months
- Simplified mounting system with a vast selection of mounting hardware, reducing time on installation and mounting

An extra layer of protection to
increase switch reliability!
